Oceania And Antarctica Mapping Lab Answers

Oceania: Countries and Territories - Map Quiz Game: What the Oceania region lacks in population, it more than makes up for in territory. It may not look like it from the map, but a flight from one end of the region to the other takes over 20 hours! Of course, most of that territory is under water. Many of the islands have very small populations.

Australia, Oceania, and Antarctica

A number of governments have set up permanent research stations in Antarctica and these bases are widely distributed. Unlike the drifting ice stations set up in the Arctic, the research stations of the Antarctic are constructed either on rock or on ice that is (for practical purposes) fixed in place.. Many of the stations are staffed around the year.
