So why are you seeing shadows in the first place? Seeing shadows typically means one of two things: the spirit has a connection to you and so it's the spirit of someone you know who has passed away. This means that wherever you go, the shadow spirit is likely to follow. Alternatively, seeing shadows could mean that the spirit has latched onto a location, perhaps

With regard to shadows, remember that the hardness/softness of shadows is a factor of the size of the light source relative to the size of the subject. A softbox makes for soft shadows because it increases the size of the light source relative to the size of the subject. You will also get softer shadows when you move the light closer to the ...

Seeing a Shadow Spirit can be a helpful omen of something else going on. The presence of Shadow Spirits can be a premonition symbol, alerting you of a shift going on in your life. There is little proof this energy is necessarily 100% negative. Pay attention to how you feel, if it invokes fear, it may be something to release.
